

DENDRITICS LLC

DYNASEAL CLEAN-SIDE GRAFFITI GUARD

Wipe away vandalism.

- ◆ Removes graffiti without sandblasting or harsh chemicals
- ◆ Leaves no tell-tale shadows behind
- ◆ Significantly harder than other Polymer films
- ◆ Dries clear and is non-yellowing — includes matte finish
- ◆ Eco-friendly, quick-drying formula
- ◆ Exceptionally durable and long-lasting
- ◆ Water-, weather-, and chemical-resistant
- ◆ Protects exterior from microbial or fungal attack

According to the U.S. Small Business Administration, a single act of vandalism costs businesses an average of \$3,370. And this doesn't account for potential closure while you repair and repaint. Defend your business against the blight of graffiti with Dynaseal Clean-Side Graffiti Guard.

Dynaseal Clean-Side Graffiti Guard provides a powerful, cost-saving protective barrier against graffiti. Its durable, graffiti-resistant coating forms a clear, flexible matrix that safeguards your storefront or building from spray paints, permanent markers, and felt-tip and ballpoint pens. If your property is defaced, simply wipe away with our eco-friendly, water-based graffiti remover. No need for expensive sandblasting or aggressive cleaning products. Treated surfaces will sustain unlimited graffiti removals for many years.

Made in the U.S.A.

You license it. You label it.

Give your customers the long-lasting graffiti protection they need with a product they can trust, sold by you. Comes in 55-gallon drums. Email info@dendriticsllc.com to learn more about pricing and licensing.

LEARN MORE

No shadows behind coating when graffiti is removed.

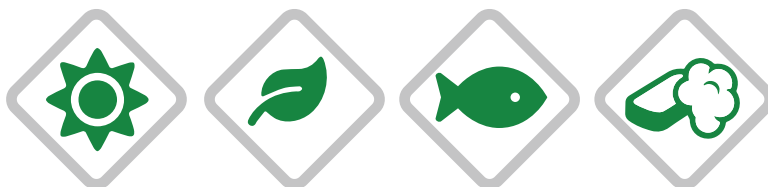

Graffiti defaces your business but often the removal looks almost as bad. This unique formula prevents spray paint and ink from penetrating into the building's substrate so when you wipe away the graffiti, it leaves no trace behind.

"Green" formula gives customers peace of mind.

Safe for humans, animals, and plants, Dynaseal Clean-Side Graffiti Guard's water-based, non-flammable formula has ultra-low VOCs and is free of TAPS/HAPS (toxic/hazardous air pollutants).

Quick to apply, fast to dry, easy to clean up, safe to store.

No need to wait for warm weather to apply. If the temperature is above freezing, you're good to go (40°F, 5°C). Store without worry since formula is nontoxic and nonflammable. Cleans up easily with soapy water.

ABOUT DENDRITICS

Inspired by advanced nanotechnology. Driven by outstanding performance.

Dendritics LLC was founded by Hank Croteau, a leader in the industrial supply and coating business for more than 30 years, and Mike Cork, a polymer chemist with 9 patents. Joined by a shared commitment to protect the environment and the health and safety of their customers, Dendritics manufactures eco-friendly products that not just work but outperform their competitors
